

AdBlue®

INERXA AdBlue® is added to a specially designed separate storage tank on SCR-equipped vehicles. It is dosed into the system at a rate equivalent to 3–5% of diesel consumption.

SCR systems are sensitive to chemical impurities in the urea solution, therefore it is essential that high quality control is maintained and important that INERXA AdBlue® is kept in accordance with the quality standards expressed in ISO22241.

KEY SPECIFICATIONS

- DIN 70070
- AUS 32
- ISO 22241
- Manufactured with ISO 9001:2008
- Non-Hazardous and Non-Dangerous Goods
- VDA Manufacturers Certificate Number 2147

TYPICAL DATA

- It is clear in colour
- Density at 20°C, kg/m³ : 1090
- Urea Content,% : 32.5
- Crystallization Point, °C : -11
- Viscosity at 25°C, mPa s : 1.4

MANUFACTURED

61 Dowd Street
Welshpool WA 6106

AdBlue® is a trademark of Verband der Automobilindustrie e.V

PRODUCT BENEFITS

1. Reduces NOx emissions generated during the combustion process
2. AdBlue® has a safe record of use in Europe and the USA
3. Is non-toxic and safe to handle
4. INERXA AdBlue® is a registered and licensed product that is maintained in accordance with ISO 22241 specifications

STORAGE AND NOTATIONS

1. Store away from direct sunlight in a sealed package to avoid contamination with foreign particles and in a well ventilated area
2. Store below 30°C and above 11°C if possible
3. INERXA AdBlue® freezes at -11°C but when it thaws will retain its integrity and quality
4. Use within 12 months of date of manufacture

FIRST AID MEASURES

| | |
|----------------------------|--|
| General Information | Not expected to be a health hazard when used under normal conditions |
| Inhalation | No treatment necessary under normal conditions of use. If symptoms persist, obtain medical advice. |
| Skin Contact | Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available. If persistent irritation occurs, obtain medical attention. |
| Eye Contact | Flush eye with copious quantities of water. If persistent irritation occurs, obtain medical attention. |
| Ingestion | In general, no treatment is necessary unless large quantities are swallowed, however, get medical advice. |
